- MATH 106: Linear Algebra 1 (A)
- CS 115: Computer Science 1 (A-)

Research and Academic Experience

ECON 421 Research Paper - University of Waterloo

Apr 2026

An Econometric Approach to Estimating the Return to Graduate Degrees Relative to Bachelor's Degrees Across Canada

- Cleaned and analyzed 2021 Canadian Census microdata ($N = 127,765$).
- Applied OLS, interaction models, and Tobit (MLE) estimation.
- Addressed endogeneity and explored IV (2SLS) methods
- Found that returns to graduate education vary significantly across provinces.
- Identified how labour market structure may correlate with how graduate degrees are valued.

Macroeconomic Research Project (In Progress)

May 2026 - Present

Do Investment Adjustment Costs Improve the Empirical Performance of an RBC Model?

- Extended the baseline RBC framework with investment adjustment costs calibrated to Canadian data.

- EConstructed Canadian quarterly dataset (GDP, consumption, investment) and computed HP-filtered business cycle moments for model evaluation.
- Used Bayesian estimation to update prior parameter beliefs with Canadian data, comparing baseline and extended models using marginal likelihood as a model selection criterion.

Professional Experience

Teaching Assistant - University of Waterloo May 2026 – Present

- [Course Outline](#)
- Support course operations and academic delivery of ECON 102 (Introduction to Macroeconomics), for a class of approximately 180 students.
- Grade assignments and midterms in a highly accurate, timely manner, as well as manage grade entry using LEARN, keeping student records updated and consistent.

Proctor - University of Waterloo May 2026 – Present

- Proctored midterms for ECON 102, ECON 206, and ECON 290.
- Distributed exams and testing materials, verified student identities, and ensured academic integrity among students.

Tip Policy Representative - Bingemans May 2026 – Present

- Contribute to policy discussions related to tip distribution and operation (i.e. auto gratuities, sales-based tip out percentages, and FOH/BOH tip allocation).
- Ensure weekly tip distribution complies with established procedures, and investigate discrepancies when they arise.

Mathematics & Economics Tutor – Self-Employed Jan 2025 – June 2026

- Provide personalized sessional tutoring in high school mathematics (algebra, functions, calculus) and university Introductory Microeconomics and Macroeconomics.
- Translate abstract economic and mathematical theories into understandable and accessible instruction.

Department Involvement & Leadership

University of Waterloo Economics Department Mar 2026 – April 2026

- Economics Program Representative at the Academic Open House.
- Selected by faculty to participate in the Economics Departmental External Review.
